

# Update Account templates

To update an account template, go to "Account Templates" and open the template you want to modify:

The screenshot shows the AWS Sandbox Studio interface. The left sidebar contains navigation items: Home, My AWS accounts, Management, Approvals (with a notification badge), Leases, Events, Account Templates (highlighted with a yellow callout '1'), Reporting, and Administration. The main content area is titled 'Account Templates (22)' and includes a search bar and a table of templates. The table has columns for Name and Created by. The first row is highlighted with a yellow callout '2' pointing to the name 'My New Account Template'. Other templates listed include 'Introduction to Terraform on AWS', 'Building with Amazon Bedrock', and 'Building and Scaling Agentic AI Workflows workshop'.
