

Terminate my account

From the left menu, access your accounts by clicking on "My AWS accounts":

In the list of accounts, select the account you want to terminate and click on the "Terminate" button (1):

Tick the box to acknowledge that all resources in the account will be deleted and click on "Terminate" to terminate the account:

Terminate account

Are you sure you want to terminate this account?

- I understand this will destroy all resources in this account and cannot be undone
